

ADVANCED GLOBAL RECORD SEARCH

User Guide

Important Notice

JtechExtensions reserves the right to make corrections, modifications, enhancements, improvements, and other changes to its products and services at any time and to discontinue any product or service without notice.

Customers should obtain the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to JtechExtensions terms and conditions of sale supplied at the time of order acknowledgment.

JtechExtensions warrants performance of its products to the specifications applicable at the time of sale in accordance with JtechExtensions standard warranty. Testing and other quality control techniques are used to the extent

JtechExtensions deems necessary to support this warranty. Except where mandated by government requirements, testing of all parameters of each product is not necessarily performed.

JtechExtensions assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using JtechExtensions components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards. JtechExtensions does not warrant or represent that any license, either express or implied, is granted under any JtechExtensions patent right, copyright, mask work right, or other JtechExtensions intellectual property rights relating to any combination, machine, or process in which JtechExtensions products or services are used.

Information published by JtechExtensions regarding third-party products or services does not constitute a license from JtechExtensions to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from JtechExtensions under the patents or other intellectual property of JtechExtensions.

Resale of JtechExtensions products or services with statements different from or beyond the parameters stated by JtechExtensions for that product or service voids all express and any implied warranties for the associated JtechExtensions product or service and is an unfair and deceptive business practice. JtechExtensions is not responsible or liable for any such statements.

All company and brand products and service names are trademarks or registered trademarks of their respective holders.

Extension Description

The Advanced Global Record Search extension is designed to add more functionality to the existing Global Record Search in magento admin panel. The extension adds ability to navigate directly to an order from any page on the magento backend, simply by typing in part of the order number or even entering the complete order number. You could also replicate this for a product, just enter the product ID or SKU or even a partial SKU into a search box will return a matching product that will then allow you to navigate directly to that product from any page on the magento backend.

Extension Installation

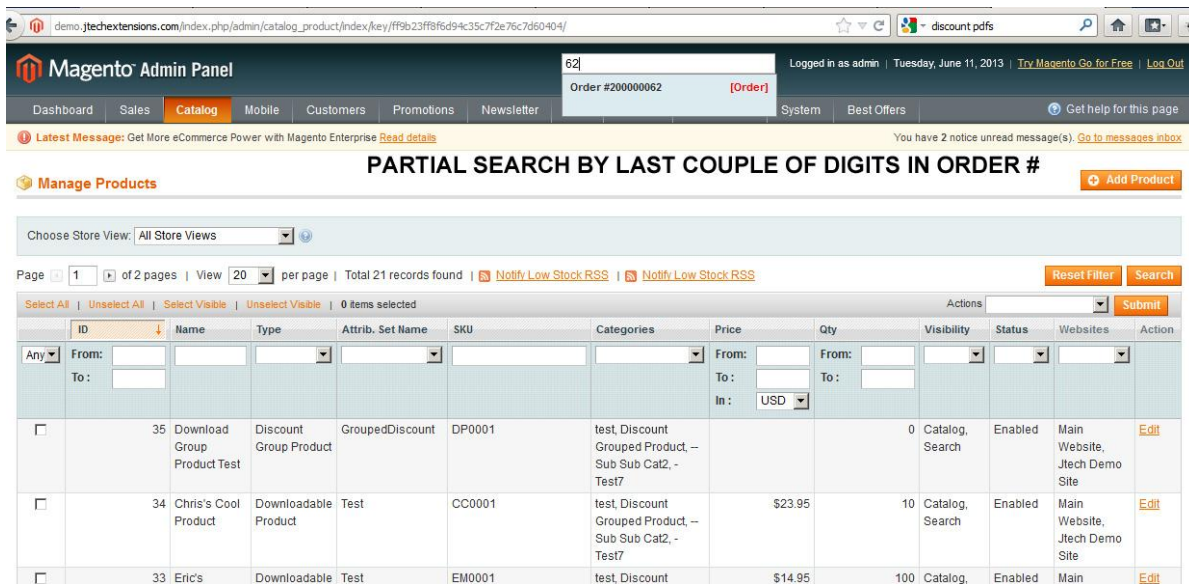

1. Log out from Magento Admin panel if you are logged in
2. Unpack the contents of the 'extension' zip from the package file purchased from JtechExtensions to your Magento root folder
3. Log into Magento Admin Panel
4. If Cache Control is enabled in Magento go to 'System > Cache Management' section, select 'Refresh' under 'All Cache' drop-down menu and press 'Save Cache Settings'
5. Now go to 'System > Configuration > Advanced Tab. If you see 'Jtech_Advancedglobalrecordsearch' in the list of installed extensions you are done.

Extension Usage

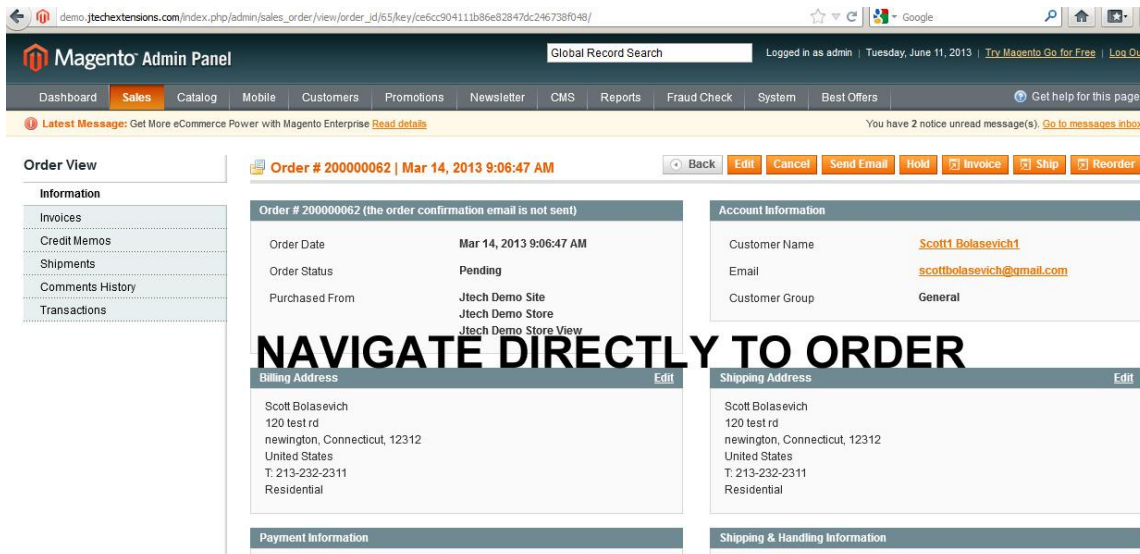

The Advanced Global Record Search extension is designed to add more functionality to the existing Global Record Search in magento admin panel. The extension adds ability to navigate directly to an order from any page on the magento backend, simply by typing in part of the order number or even entering the complete order number.

For example:

Order Number: 20000062 by entering “62” would return a match like below:

So would “0062” or even the full “20000062” and then once a match if you click on it will navigate to the order like below:

You could also replicate this for a product, just enter the product ID or SKU or even a partial SKU into a search box will return a matching product that will then navigate directly to that product from any page on the magento backend.

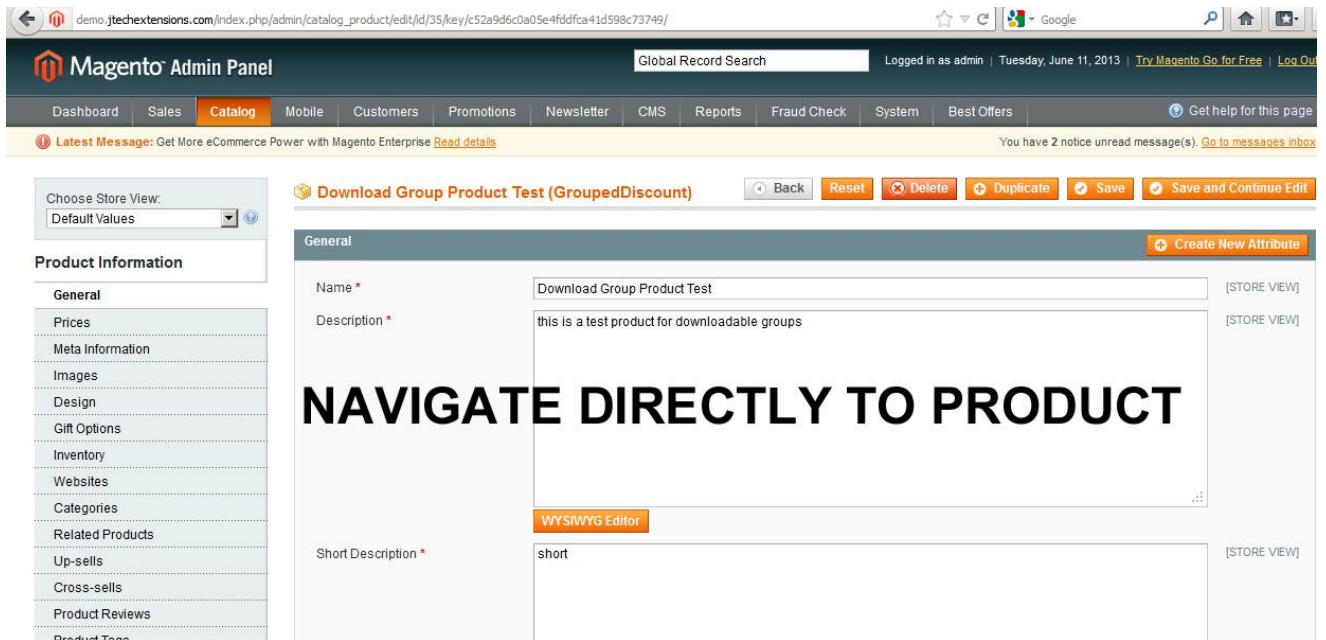

Entering a partial SKU:

The screenshot shows the Magento Admin Panel interface. At the top, there is a search bar with the text 'DP' entered. Below the search bar, a dropdown menu shows 'DP0001 Download Group Product Test' with a '[Product]' label. The main content area is titled 'PARTIAL SEARCH BY SKU'. Below this, there is a table of products. The table has columns for ID, Name, Type, Attrib. Set Name, SKU, Categories, Price, Qty, Visibility, Status, Websites, and Action. The first row in the table is for product ID 35, 'Download Group Product Test', with SKU DP0001. Other rows include 'Chris's Cool Product' (SKU CC0001) and 'Eric's' (SKU EM0001).

And again here with multiple matches:

The screenshot shows the Magento Admin Panel interface with a search for 'si'. A dropdown menu is open, showing several product matches: 'test_config_simple_blue', 'simple_elephant_border', 'simple_elephant', 'simple_giraffe', and 'simple_lyon'. Each match is labeled as '[Product]'. Below the search bar, the 'Manage Products' section is visible, showing a table of products. The table has columns for ID, Name, Type, Attrib. Set Name, SKU, Categories, Price, Qty, Visibility, Status, Websites, and Action. The first row in the table is for product ID 35, 'Download Group Product Test', with SKU DP0001. The second row is for product ID 34, 'Chris's Cool Product', with SKU CC0001.

And clicking on any product will navigate directly to a product like below:

Support
